I am going to request [REDACTED] for the new Cement Creek D. That will be [REDACTED] for p [REDACTED] port revision activities, [REDACTED] for GIS/Maps, and [REDACTED] for chemists based upon our understanding the extent and nature of CSC's comments.

We have 28 working days remaining before 2012. Hours that are not used by the end of December would be available for changes in January 2012. The final report should be submitted to CSC on January 28, 2012.

I really would like to have this completed before you leave on vacation to Thailand in January 2012.

1. The primary reason is that you are so much more knowledgeable about the site than I am, so your presence during any discussions with CSC is vital. I knew more about AMC than anyone, but your knowledge of the Upper Animas and all the players is crucial for this HRS package.

2. My Mom's current health status causes me to want to do things sooner rather than wait for later.

3. Scheduling issues for Barry --- November 2011 - February 2012. The next couple of months are busy with the holiday season and end of year changes.

Thanksgiving	11/24 - 11/27/2011	(4 days)
Vacation	12/07 - 12/11/2011	(3 days)
Office Move	12/16 - 12/19/2011	(4 days)
Christmas	12/23 - 12/26/2011	(4 days)
Vacation	01/24 - 12/29/2012	(4 days)
Vacation	02/10 - 02/20/2012	(6 days)

I will be at my desk all day, or very close (I'm not leaving the office).

Chuck Baker has concurred that I need to focus on the HRS package and that I will not be given any new assignments until after the New Year.
